**Addendum to Motor Vehicle Installment Sales Contract between Name of company**  
**(referred to as “you” or “your” and \_\_\_\_\_(buyer(s)),**  
**(referred to as “I”, “me” or “my”) dated \_\_\_\_\_.**

The vehicle I have purchased is equipped with a theft deterrent and theft recovery device (“the device”) to aid in the recovery of my vehicle should it be stolen. Because of the high rate of auto theft in the greater Houston area, you have required the installation of the device as a condition of approving the credit sale of the vehicle to me.

This service is provided at no additional cost to me. All hardware needed to provide the service is, and shall remain, the property of **Name of Company**. Upon the satisfaction of your contractual obligations to **Name of Company**, the hardware will be removed from my vehicle by **Name of Company** at your expense.

I have read and reviewed the following disclosures, terms and conditions. By signing below, I acknowledge that I understand, and agree to, these terms and conditions:

I authorize **Name of Company** to conduct routine vehicle location checks to insure that the hardware is functioning properly.

I am authorizing **Name of Company** to locate my vehicle in the event my vehicle has been stolen.

I authorize **Name of Company** to locate my vehicle in the event I default on my obligations and promises under the Motor Vehicle Installment Sales Contract. Additionally, I acknowledge that the device installed on my vehicle also allows the **Name of Company** to prevent the vehicle from starting should the vehicle be reported stolen or should I default on the contract. I authorize **Name of Company** to disable the vehicle from starting should it be reported stolen or should I default on my obligations and promises under the Motor Vehicle Installment Sales Contract.

I authorize **Name of Company** to remove the device from the vehicle once my contractual obligations with **Name of Company** have been satisfied.

I authorize **Name of Company** to remove or replace the device at any time it is found to be malfunctioning or in need of repairs.

The removal, destruction, disabling, or deactivation of the device by me, or anyone acting on my behalf, without the written permission of **Name of Company**, will constitute a default under the Motor Vehicle Installment Sales Contract.

I agree to hold **Name of Company** harmless from any claim or liability that might arise from the use of the device for the purposes stated in this Addendum. I understand that **Name of Company** will use its best efforts to locate my vehicle if it is stolen, but that no guarantee or warranty is given that my vehicle will be located if it is stolen.
